

MISAWA HOUSING FAOS

1. Where can I get the most accurate Housing information for my PCS to Misawa?

Both Military and Civilian members should contact us directly by e-mailing housing@us.af.mil with any question you have. This will put you in touch with a Housing Specialist at Misawa AB that can help guide you through the process and answer any questions you may have. You can also find very helpful information on the “Misawa Housing Office” Facebook page.

2. What is the process to apply for government housing?

Please submit an advance application for housing (DD Form 1746), a signed SODA form (DD Form 4422), and a complete copy of your PCS orders through the Housing Management Office (HMO) at your current installation. The effective date of the application is the date you depart your installation (including members with TDY en-route) or the date ordered to active duty (for newly appointed members). If this is your first duty assignment, please e-mail housing@us.af.mil to complete your submission.

Applications can also be submitted upon arrival at your first visit to the HMO, although advanced applications better equip us to prepare for your arrival. The HMO staff will assist in the completion of the application and will review PCS orders and housing options with you. Please be sure your application identifies and includes supporting documentation for any impending promotion or gain of dependents to ensure the correct housing entitlements are assigned to you.

3. What housing allowances am I eligible for?

Military members are entitled to various allowances to ensure the transition to a new location is as smooth and stress free as possible. For information about your allowances, visit the Defense Travel Management Office website. If you have any questions, contact your local Housing Management Office.

4. Where will my children go to school at my new location?

Misawa AB has on-base Department of Defense Dependents Schools (DoDDS) available for grade school through high-school. Off-base schooling options are available, although they are predominantly offered only Japanese.

Members should give at least 40 days advance notice-of-intent to terminate government-controlled family housing. However, if this is a short notice assignment please contact the Housing Management Office (HMO) immediately so they can schedule your termination inspections. The HMO will schedule you for a pre-termination and final inspection of your home. The pre-termination inspection is to provide you with important information to help you meet final inspection requirements. In order to schedule your termination inspections HMO will need a copy of your departure orders and the dates of your scheduled TMO shipments

6. Do I have to live in the dorms if I'm a permanent party unaccompanied Airman?

Most junior enlisted unaccompanied Airmen live in the dormitory. It is mandatory for Priority 1 (key and essential personnel) and Priority 2 (E-1 to E-3 and E-4 with less than 3 years' service) unaccompanied personnel to live in the dormitory. Other unaccompanied personnel may live in the dormitory on a space-available basis. Generally, an E-4 living in the dormitory who reaches three years of service may voluntarily occupy a room on a space-available basis without Basic Allowance for Housing (BAH) or move into local community housing with BAH. In certain circumstances, such as to make space available for more junior personnel, you may be authorized to move out before reaching E-4 with greater than three years of service. For further assistance on dorm living and early release, please contact your Unaccompanied Housing Management Office representative.

7. Will I get my own bedroom and bathroom if I live in Unaccompanied Housing?

The Air Force assignment standard is one private room for each permanent party member. The new Air Force construction standard provides a private bath for each bedroom and a shared kitchen and common area, similar what you may find in the local community.
