

**DEPARTMENT OF THE AIR FORCE
99TH CIVIL ENGINEER SQUADRON (ACC)
NELLIS AIR FORCE BASE NEVADA**

24 Apr 18

Welcome!

Congratulations on your selection or assignment to Nellis, Creech, & NTTR. We look forward to having you as a resident in our beautiful valley.

Nellis is a member of the United States Air Force's Air Combat Command and the home of the Air Warfare Center, the largest and most demanding advanced combat training mission in the world.

The 432nd Wing at Creech AFB is the Air Force's first remotely piloted aircraft systems wing. The 432nd Air Expeditionary Wing "Hunters" consists of combat-ready Airmen who fly the MG-1B Predator and the MQ-9 Reaper Aircraft to support United States and Coalition warfighters. The Hunters conduct remotely piloted aircraft system initial qualification training for aircrew, intelligence, weather, and maintenance personnel.

The local area has low annual humidity of 20 percent and 310 days of sunshine (86 percent) with low annual rainfall of 4.13 inches. Summer day time temperatures average above 100 degrees while nights are pleasantly warm. Winter temperatures range from the mid-40s to the upper 60s. High velocity wind storms and accompanying dust storms occur occasionally.

Upon arriving please visit our office at your earliest convenience. You will be provided off-base and on-base housing information as well as maps and literature on the Las Vegas valley areas. If you are already here, please come by so we can educate you on the areas and services we provide.

We wish you a safe journey and look forward to welcoming you to the Las Vegas area!
